

durable construction

Highlighted by heavy-gauge steel tubing, our equipment is built to withstand the rigorous strength training of professional sports teams.

frame finish

A standard two-coat powder coating produces an automotive-quality finish that's highly resistant to chips and scratches.

colour coded adjustment points

Conveniently located adjustment points are clearly marked for ease of use.

- 2.4 m rack holds rubber hex dumbbells weighing 1.4 - 45.4 kg
- Also available: 1.8 m -tier flat-tray dumbbell rack (MG-A689)
